## 'State govt health strategy positive'

State government's strategy and attitude to meet the challenges in the field of health has been positive, said Union Health Secretary Sujata Rao here on Sunday. According to an official release, in a review meeting held here, the union health secretary said considering the political determination in MP, the results would be better in future. She undertook a two-day tour to six districts in the state. The release added that State's Health Secretary S.R. Mohanty had informed that there was a big gap in the ratio in the field of infrastructure in health schemes.
